

Nozzles

Type D 01

CAN BE COMBINED WITH

150 ml, 280 ml, 290 ml, 300 ml and 310 ml Fischbach cartridges and the E 900 S special cartridge – we do not use this nozzle with the E-900S. Instead we use the “DS”, which is essentially the DA with a smaller base

ADVANTAGEOUS FEATURES

- suitable for most applications
- stackable as supplement in box – does this mean you can drop a stack into a box instead of dropping them in individually? If so, “stackable to reduce required space when dropping into finished goods boxes”

TECHNICAL SPECIFICATION

| | |
|------------------------|------------------|
